---

We launched our very own marketplace and we're super excited!

# The Company

Stikcredit is a European FinTech company underwriting short-term consumer loans entirely online.

---

We lend money where traditional banks don't and we are on a mission to make credit as easily accessible as 1 click on any device.

---

We operate on the Bulgarian market since 2013 and we have bold plans for global expansion.

## Highlights

We just launched [afranga.com](https://afranga.com) – a marketplace for investing in loans.

- **Net revenue increased 28%** in 1Q21 vs 1Q20
- **Regulated by a European Banking and Financial Services regulator**
- Proprietary IT platform incorporating latest **FinTech innovations**

# The Solution: Technology & Profitability

Stikcredit leverages existing innovations in FinTech to underwrite short-term consumer loans entirely online.

We operate a lean FinTech business model which does not require the use of physical locations. Users submit applications online and our automated scoring algorithm makes an instant decision to approve or reject a loan. Money is advanced via an electronic payment transfer.

## Profitable Track Record

- Stikcredit granted over EUR 31m in loans since inception and achieved a pre-tax profit margin of over 44%.
- The company maintains impressive cash collection rate of 134% of the granted loan amount.
- Stikcredit generates strong growth achieving a CAGR of 52% in terms of loan issuance volume.

## Proprietary IT Platform

- The company runs on an internally developed cloud-based system supporting all core company activities from loan application processing to loan management and financial reporting.
- The system allows for full automation of a large number of processes and is easily integrated to external applications and services via APIs.

## Scalable Business Model

- Stikcredit is positioned for growth entirely online. We structure and develop our processes with an online mindset.
- The company does not require significant capital investment for physical offices and staffing in order to achieve rapid growth and to penetrate new markets.
- The operating processes are efficient, automated and scalable.

## Machine Learning

- State-of-art machine learning scoring algorithm combined with big data analytics perform behavioral analysis of all past loans, taking into account demographic, employment and credit history of all applicants.
- Data is automatically retrieved from the application form, external and internal databases to generate a score matching exactly every customer's risk profile.

# Strong customer engagement and user growth. The company has almost 17 000 active customers and 70% returning customers.

## Unique registered customers (cumulative)

## Number of loans granted

- The number of unique customers grows by **over 8,600 customers** per quarter for the past 24 months. Stikcredit has more than 129k unique applicants and over **17k active clients**.
- We've had a significant growth in our loan issuance rate. Between 2018 and 2020 we **doubled the number of loans** issued from c. 4,000 loans per quarter to over 9,000 loans per quarter. Our **customer loyalty** remains very strong and the **share of returning customers has increased to c. 70%**.
- Tailored promotional activities and enhanced sales tactics place Stikcredit ahead of its competitors. The company **granted over 36,000 loans** in 2020 – an impressive growth of 20% over the 2019 results in a challenging environment.

## Target Client Profile

# Strong Portfolio Performance

We navigated the coronavirus storm outstandingly.

- Our proprietary scoring model and the company's robust risk management framework have allowed Stikcredit to react adequately and swiftly to the sudden covid-19 wave. We hit the breaks immediately, but this helped us to achieve **delinquency levels even lower than under normal operating circumstances** and maintain the company's risk within our comfort zone.
- As the effects of the health crisis wore off, we got back on the accelerator and we reached our pre-crisis lending levels, surpassing our all time highs in October 2020. Stikcredit has recorded a **growth in issuance volume of 139%** between 4Q18 - 4Q20, reaching a net portfolio of over EUR 6.3m as of end of 1Q21.
- Strict risk management controls ensured **stable delinquency levels** and enhanced profitability. Despite the significant pick up in lending volume, the % of loans which are 60+ days delinquent remain **below 13% for every vintage month**.
